

Golf GTI

For those who chase the thrill.

Visit the
model page

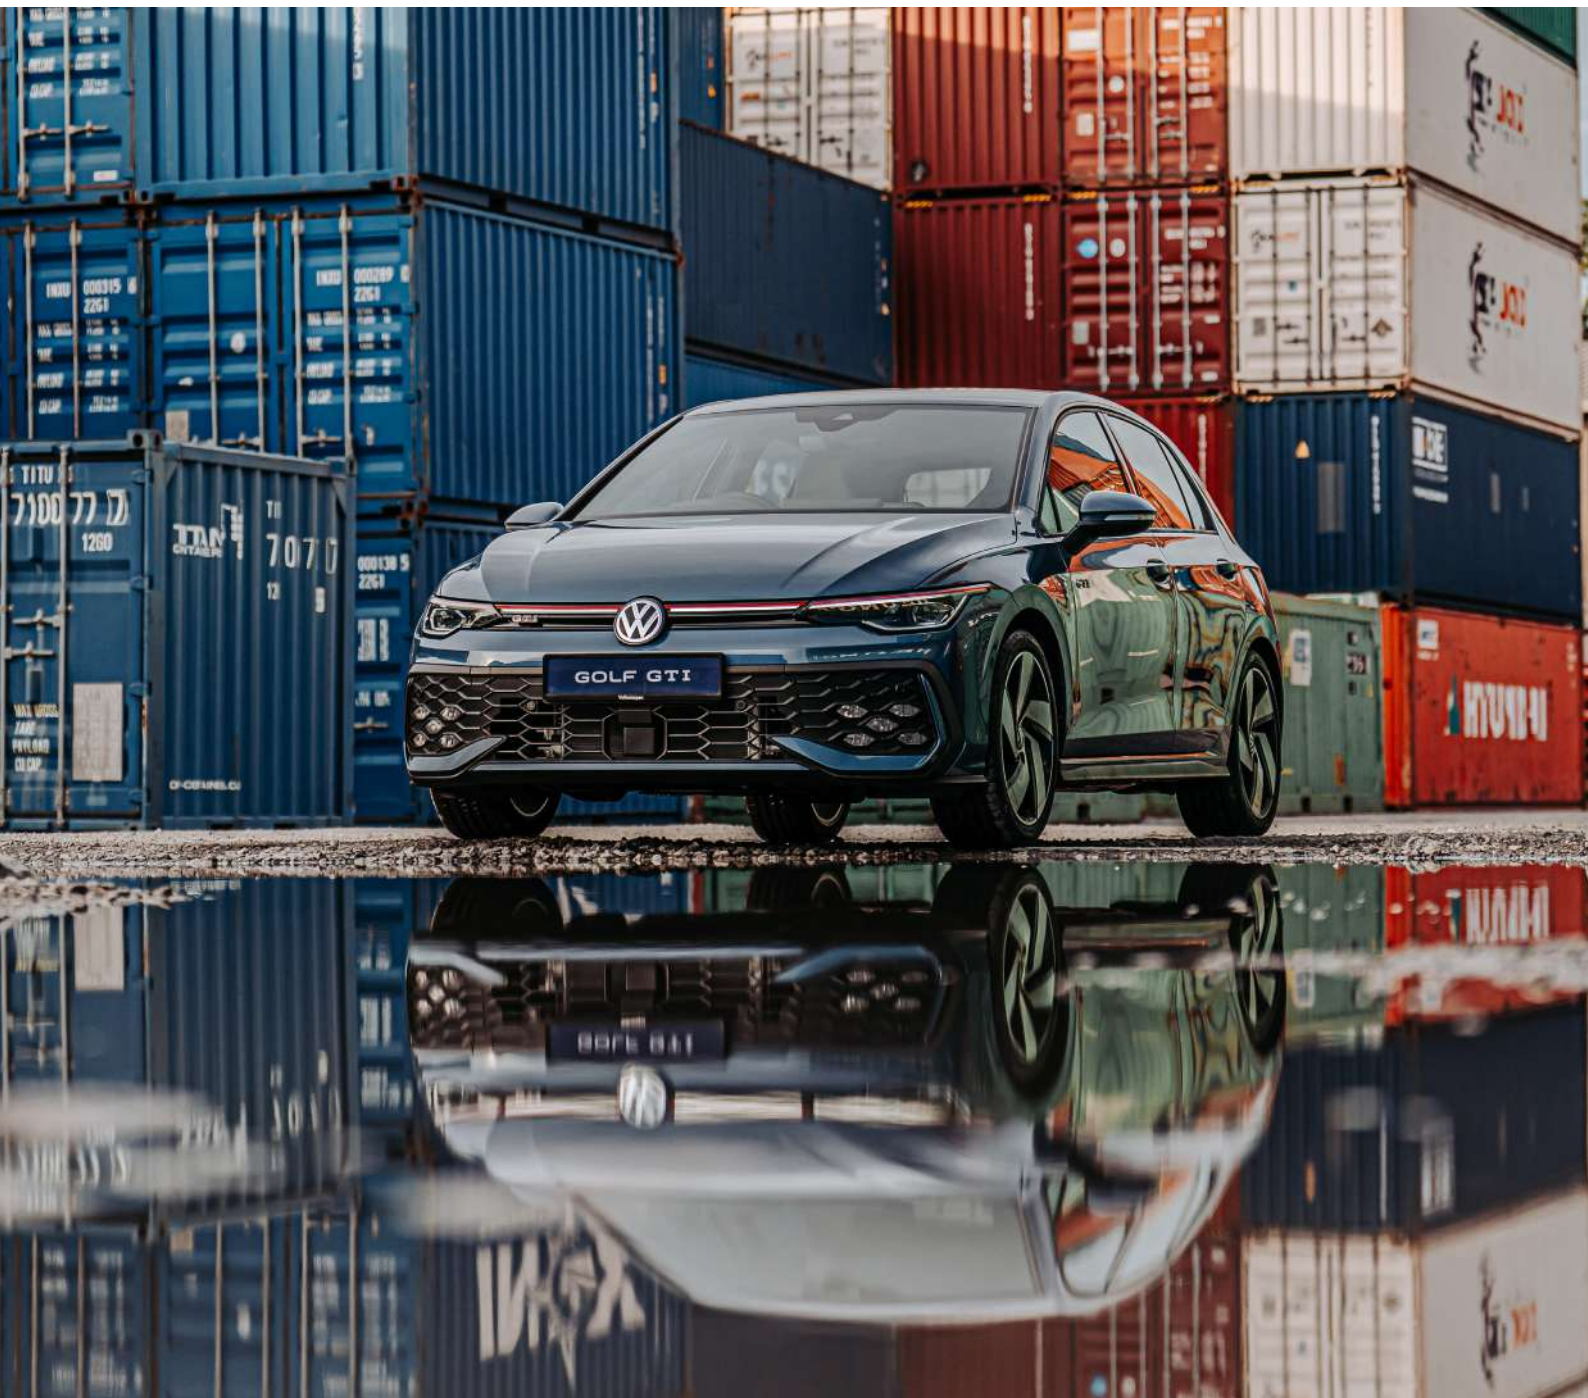

The iconic hot hatchback.

Taking a winning formula beloved by millions and elevating it with a more intuitive and exciting user experience. With a heritage built on personality and performance, the Golf GTI embodies the spirit of driving pleasure and delivers more smiles per mile.

Adrenaline-ready.

Need for speed.

With Sport Suspension and Driving Mode Selection, every drive feels sharper and more controlled — whether you're carving through corners or cruising the open road. Dynamic Chassis Control allows for agility through every apex, while the turbocharged 2.0TSI engine delivers 265PS and 370Nm of torque through a 7-speed dual-clutch DSG transmission, carrying you effortlessly through every stretch of the road.

Unmistakably GTI.

Style that speaks volumes.

The honeycomb grille combined with a horizontal red strip exclusive to the GTI sets a bold tone, marrying functional airflow with outright attitude. Flanking the illuminated 'VW' logo are striking IQ.Light LED matrix headlights with High Beam Plus. These adapt automatically to traffic to reduce glare while keeping the road brilliantly lit for confident driving, day or night.

Impressive at every turn.

Sleek 18-inch Richmond alloy wheels, accented by distinctive red brake callipers, are built to perform and impress.

A warm welcome.

Get in the mood for a drive with unique headlight and taillight sequences, and 'GTI' puddle lights that greet you as you unlock your vehicle.

Where the fun lives.

Steer into performance.

The GTI's leather-wrapped, heated multifunctional steering wheel with progressive steering gives you greater agility, with more effortless control even at higher speeds.

Drive in pure comfort.

From daily commutes to weekend drives, you'll feel right at home. Front sport seats finished in Vienna leather with 'GTI' logo embroidery and red stitching, with electric adjustment and lumbar support for the driver, keep you firmly in place.

Soul in every inch.

GTI-exclusive details accentuate the cabin, from Black Metal Chrome finishes on the dash and door trims, to the signature 'GTI' logo on the steering wheel.

Connected intelligence.

A new dimension of control.

A 12.9-inch media infotainment system display provides rich graphics and an effortlessly intuitive interface that includes preloaded Malaysian navigation data with 2D/3D map view.

Fine-tune every journey with the Vehicle Dynamics Manager that adjusts steering weight, throttle sensitivity and more to maximise driving stability. Choose from four distinct Driving Modes — Eco, Comfort, Sport, and Individual — each designed to adapt the drive to your mood.

A view to appreciate.

The 10-inch high-resolution Digital Cockpit Pro, paired with a high-definition head-up display, gives you the flexibility to display the information you want, from navigation directions to driver assistance alerts.

Time to pair up.

Apple 'CarPlay' and Google 'Android Auto' are both compatible with onboard infotainment systems through our Volkswagen App-Connect® system for seamless media playing and navigation.

Connectivity allows for pairing of up to two compatible mobile devices simultaneously, meaning you can now stay in sync, from playlists to calls. Stay powered throughout every journey with two front USB-C ports, two rear charging ports, and a wireless charging pad for added convenience.

The soundtrack to every adventure.

The Harman Kardon audio system with 8+1 speakers and a subwoofer transforms every drive into a concert-like experience. With 480W of power and a 12-channel digital amplifier, it delivers rich, immersive sound that fills the cabin for every passenger.

Your voice, your command.

Control your music, navigation, and air conditioning with simple voice commands through the IDA Voice Assistant.

IQ.DRIVE

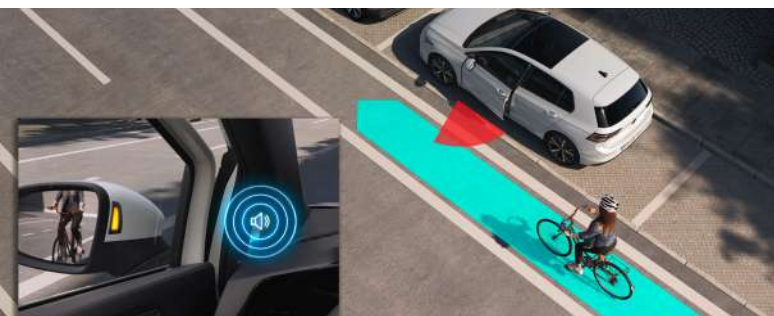

Adaptive Cruise Control.

Stay sharp with sensors that adjust speed and distance to the vehicle ahead, while staying on course for a carefree journey.

Travel Assist.

Navigate tricky bends with adaptive driving, using predictive cruise control and cornering assist based on road conditions.

Side Assist with Rear Traffic Alert and Exit Warning System.

Alerts for blind spots, oncoming vehicles when reversing with automatic braking to help prevent collisions, and approaching vehicles when exiting your Volkswagen.

Front Assist with City Emergency Braking.

Collision detection alerts you to close passes with vehicles, cyclists and pedestrians ahead, automatically slowing or braking to prevent accidents.

Park Distance Control.

Ultrasonic front and rear parking sensors provide clear audible and visual cues through the vehicle's infotainment display, with automatic audio volume reduction for sharper control in every manoeuvre.

Enhanced Safety.

Proactive Passenger Protection System.

Actively analyses the situation ahead to allow for early precautions such as tightening the seatbelts and triggering the hazard lights.

Advanced Driver Attention and Drowsiness Monitor.

Monitors your driving and alerts you if it seems as though you're dozing off, so you know when to stop.

Multi-airbag System.

7 airbags positioned throughout the cabin provide all-round protection and peace of mind for everyone onboard.

Genuine Volkswagen Parts

Safe, high quality parts tuned to your Volkswagen

Volkswagen Cares App

We are committed to care and provide the best for Volkswagen customers. More than just a loyalty program, Volkswagen Cares applies on all levels and embodies how we interact, engage, and serve our customers better. Customers may also download the Volkswagen Cares mobile application, an aftersales-led initiative to continuously improve the ownership experience. The mobile app comes with a list of features related to both sales and aftersales, including service offers, owner rewards, educational videos and tips, event updates, and 24-hours' roadside assistance - all at the touch of a button.

Volkswagen Loyalty Advantage (VLA)

Being part of the Volkswagen family comes with rewards. From your 4th scheduled service onwards, enjoy up to 40% savings on genuine parts to keep your Volkswagen in top condition. Plus, drive with peace of mind knowing that all genuine parts are covered by a 2-year unlimited mileage warranty. Speak to our service advisors at your preferred Volkswagen service centre to learn more.

Body & Paint

Safe and strong: Volkswagen Genuine Body Parts give your Volkswagen the necessary stability and offer you the best possible protection in the event of an impact. As we have developed all parts especially for your original, they fit like a glove. The result: You save time and costs in any repair and your Volkswagen remains an original through and through. Best of all, our paint and workmanship comes with 2 years warranty for peace of mind.

24-hour Roadside Assistance

When your Volkswagen has a breakdown, our 24-hour roadside assistance service team is readily available to help you with the following services:

1. Tow assistance and recovery to the nearest Volkswagen service centre.
For security reasons, towing service will not be provided to an unattended vehicle.
2. Emergency telephone call to family or friend of the Volkswagen driver.
3. Battery jump start. If your vehicle cannot be driven safely, towing services will be provided.
4. Flat-tyre change (if spare tyre is available) in a safe environment.
Otherwise, towing service will be provided.
