

The Arteon R-Line 4MOTION

Visit the eShowroom for
real-time availability

The smart choice for the road ahead.

Unrivaled performance. A design that turns heads. Our stylish fastback sedan just got a whole smarter, powered by IQ.DRIVE technology, featuring ACC, Side Assist with Rear Cross Traffic Alert for optimal awareness; Front Assist and Lane Assist to keep you on track. With the Arteon R-Line 4MOTION, you don't just drive the road - you own it.

Exterior

A symphony of power and style.

Style, swagger and sophistication - with the R-Line package, you're not only driving a masterpiece of German engineering but also making an imposing statement. The LED-design headlights emphasize the striking front of your Arteon. It includes automatic driving light switching in addition to daytime running lights. The dynamic rear lights also produce a 3D effect when switching between the rear and brake lights as you brake.

Performance

Turn heads, in 5.6 seconds.

Much to see, more to experience. Even before you step in the Arteon R-Line 4MOTION, its frameless side windows and aerodynamic coupe design is sure to ignite desire. Once you're in, the sheer power of 280PS and 350Nm of torque will only make you want it more. Conceived in true spirit of the R identity, the Arteon R-Line 4MOTION is made to thrill.

Interior

Experience immersive technology with Digital Cockpit, Discover Pro 9.2" touchscreen navigation infotainment system with gesture/voice control, Wireless App-Connect® (Apple CarPlay, Android Auto) and smartphone wireless charging.

Invitingly comfortable.

Beautifully sculpted to offer supreme support and comfort, the ergoComfort Nappa Carbon leather sport seats come with an electric 14-way adjustment for seat height, seat length, seat cushion angle, and backrest angle. For your convenience, the Area View camera also offers a 360° view of your surroundings whether in parking, turning or leaving a driveway.

Need a hand?

The Arteon R-Line 4MOTION comes with an electric luggage compartment lid with a hassle-free Easy Open and Easy Close operation.

Unleash your sound.

The Arteon R-Line 4MOTION comes equipped with a premium 700W Harman Kardon sound system with 12 high-performance speakers including a subwoofer, delivering astounding acoustics.

Lane Assist

Helping you stay between the lines for the long haul

No matter what kind of road you're driving on, if you're 56 km/h or faster, IQ.DRIVE can help keep you from going over the lines. If your vehicle begins to drift without your turn signal on, IQ.DRIVE can warn you and counter steer when activated to help ensure you stay in your lane.

Side Assist

Helping steer you clear of the things you might not see

When you're focused on the journey ahead, your vehicle's IQ.DRIVE technologies can help by alerting you when another vehicle may be hiding in your blind spots and helping counter-steer when necessary.

Front Assist

Alerting you before a collision

Even when we're driving at our best, we still need to keep an eye out to avoid accidents with other cars or pedestrians in front of us. Thankfully, the IQ.DRIVE technology monitors the road ahead with the ability to help brake on its own. It will first provide audio and visual alerts when you're driving at higher speeds and at risk of potential collision. Then, if necessary, it will automatically apply brakes to help mitigate or avoid a collision.

Adaptive Cruise Control (ACC)

Going with the flow made more stress-free

When the road gets busy, IQ.DRIVE can help keep things cruising. When dealing with traffic on the highway, it uses sensors to detect vehicles ahead of you, helping adjust your speed, and manages the distance between you and what's in front of you, adapting to the situation you're in.

Technical Specifications

Engine:	2.0l TSI 206kW 280PS	Injection method:	Direct injection/turbo

Genuine Volkswagen Parts

Safe, high quality parts tuned to your Volkswagen

Volkswagen Cares App

We are committed to care and provide the best for Volkswagen customers. More than just a loyalty program, Volkswagen Cares applies on all levels and embodies how we interact, engage, and serve our customers better. Customers may also download the Volkswagen Cares mobile application, an aftersales-led initiative to continuously improve the ownership experience. The mobile app comes with a list of features related to both sales and aftersales, including service offers, owner rewards, educational videos and tips event updates, and 24-hours' roadside assistance - all at the touch of a button.

Volkswagen Loyalty Advantage (VLA)

Being part of the Volkswagen family comes with rewards. From your 4th scheduled service onwards, enjoy up to 40% savings on genuine parts to keep your Volkswagen in top condition. Plus, drive with peace of mind knowing that all genuine parts are covered by a 2-year unlimited mileage warranty. Speak to our service advisors at your preferred Volkswagen service centre to learn more.

Body & Paint

Safe and strong: Volkswagen Genuine Body Parts give your Volkswagen the necessary stability and offer you the best possible protection in the event of an impact. As we have developed all parts especially for your original, they fit like a glove. The result: You save time and costs in any repair and your Volkswagen remains an original through and through. Best of all, our paint and workmanship comes with 2 years warranty for peace of mind.

24-hour Roadside Assistance

When your Volkswagen has a breakdown, our 24-hour roadside assistance service team is readily available to help you with the following services:

1. Tow assistance and recovery to the nearest Volkswagen service centre.
For security reasons, towing service will not be provided to an unattended vehicle.
2. Emergency telephone call to family or friend of the Volkswagen driver.
3. Battery jump start. If your vehicle cannot be driven safely, towing services will be provided.
4. Flat-tyre change (if spare tyre is available) in a safe environment.
Otherwise, towing service will be provided.
